SECTION OFFICER

## **ANNEXURE - I**

### **Statement showing the Article of Charges against Sri M.R.K.V. Raju, Asst. Executive Engineer, PR, now working at PRI SD Kothapeta**

#### **CHARGE:**

That Sri M.R.K.V. Raju, Asst. Executive Engineer, PR, now working at PRI SD Kothapeta has misused his official position for his personal gain and committed allegations of irregularities in the execution of the work "Construction of R/f Bulleddupalem to Garagalampalem in KM 0/0 to 3/800 sanctioned under NABARD under RIDF-XIII" as he has recommending closure of work without proper enquiry resulting non execution of balance work as on 16-06-2010 resulting loss to the Govt., in contravening the APCS (Conduct) Rules, 1964.

#### **BASIS:**

The V&E has inspected the work "Construction of R/f Bulleddupalem to Garagalampalem in KM 0/0 to 3/800 sanctioned under NABARD under RIDF-XIII" on 16-06-2010 and communicated Report No.107(954/V&E/E2/09-2), dt:17-12-12 and observed the following:

The work "Construction of R/f Bulleddupalem to Garagalampalem in KM 0/0 to 3/800 sanctioned under NABARD under RIDF-XIII" was administratively sanctioned vide G.O.Rt.No.309, PR & RD (Progs.II) Dept., dt:27-02-2008 for Rs.210.00 Lakhs. The same was technically sanctioned vide TSR No.NIL/08-09, dt:20-04-08 for Rs.167.00 Lakhs by the Chief Engineer, PR, NABARD based on 2007-08 SSR. The work was entrusted to M/s P.Narasimha Rao & Company vide Agreement No.51/2008-09, dt:09-07-2008 @ 7.29% less than the estimated rates and Agreement Value is Rs.1,31,36,647/- and agreement period is one (1) year.

The V&E has inspected the work and made the following findings:

- shortage in thickness of WBM Grade-II in KM.3 and Grade-III in KM.2 was observed and an amount of Rs.49,058/- is proposed as recovery towards deficiency in thickness
- Oversize Metal in WBM Grade-II & III layers observed in KM.2 and an amount of Rs.3,867/- is proposed as recovery.
- Bitumen samples extracted from the OGPC+ SC layer in KM.3 revealed shortage of BT content and amount of Rs.12,936/- is proposed as recovery.
- The Contractor has executed the road work only and stopped further execution of balance CC items of works in July,2009. (i.e Retaining Wall for a length of 190.50mts. & Construction of causeway).
- The Contractor has represented to the SE, PR, Kakinada in August,2010, but actual date of completion is 08-07-09, and expressed his inability to complete the balance work due to Naxal problem & delay in finalisation of designs for the proposed cause way by the Department. The concerned Asst. Engineer/Dy.Executive Engineer/ Executive Engineer and the Superintending Engineer are endorsed the Contractor's representation for closure of work and these same was forwarded to the Chief Engineer without conducting enquiry, which is violation of rules.

Contd...

- As on May 2012, neither design of causeway is finalised nor the balance retaining wall executed and there is a serious lapse on the part of

Engineering Officials, as they failed to finalize the design & drawings for the proposed causeway even after lapse of two years.

- The contracting agency has executed entire length of road and part of retaining wall without any difficulties and not interested to execute the remaining CC works and the field officers colluded with the contractor and benefited him in recommending for closure of contract and the agreement is neither closed nor terminated.

Thus, Sri M.R.K.V. Raju, Asst. Executive Engineer has failed to discharge his legitimate duties properly and colluded with the contractor and benefited him in recommending for closure of contract without completion of sanctioned CC Items of work and the agreement is neither closed nor terminated and thus his action is in violation of APCS (Conduct) Rules 1964.

Hence, the Charge.
